Feature

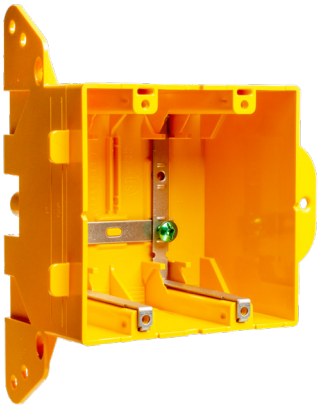

- Energy efficient vapour barrier flange provides superior energy savings, reduces air leakage through exterior walls and eliminates the need for separate vapour / air barriers
- Preset flange at 1/2" for fast positioning
- Engravings at 5/8" and 1" ensure box placement in accurate and consistent depths, while reducing the installation time
- Superior cubic capacity - Additional volume makes termination easier and is excellent for deeper body devices
- Oversized nailing / screw bracket for better reach to mount on stud or joint
- High hammer impact resistant when nailing
- Lightweight
- Bright yellow color helps to locate wires in low light levels
