MultiMark terminal markers use an innovative composite material made from two components. The hard base contour of the marker snaps securely into the connector. The elastic surface finish makes the marker easy to mount. This specially punched material enables the strips to be stretched to accommodate the slight variations in spacing that tend to add up, especially with long terminal blocks. Another advantage: the excellent printability of the surface material guarantees durable and wear-resistant labelling. A print resolution of 300 dpi also produces a very legible script.

Your benefits with MultiMark

- Firm hold and durable printing
- Continuous strips save installation time
- Easy mounting thanks to an innovative composite material
- Large label field for optimal legibility
- High flexibility thanks to manufacturer independence

General ordering data

Version	Dekafix, Terminal marker, 5 x 3.5 mm, Weidmüller, white
Order No.	2007100000
Type	DEK 5/3.5 MM WS
GTIN (EAN)	4050118391992
Qty.	1 000 pièce(s)
compatible printer	2599430000 2599440000
