HLB

Ultra-thin Recessed Downlight

**EATON**

*Powering Business Worldwide*

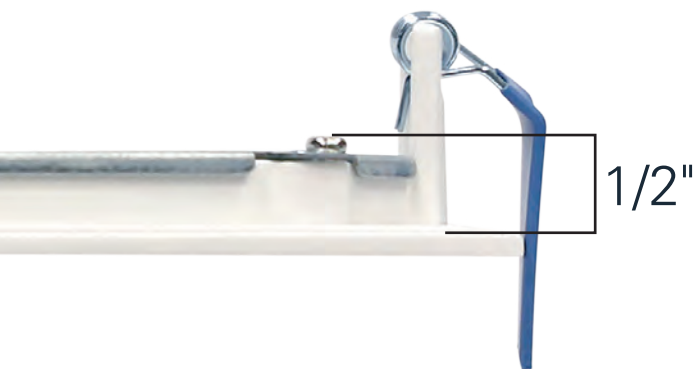

## ultra-thin

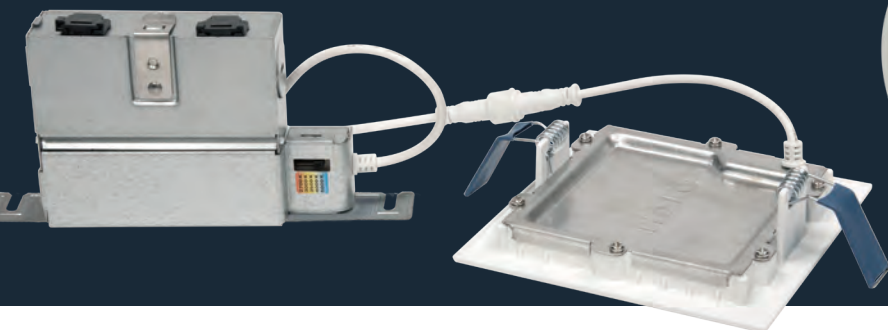

The HLB is an ultra-thin LED lens downlight with a remote driver / junction box ideal for new construction and renovation work.

Simplified installation in drywall or suspended ceilings eliminates recessed cans saving time and money. The HLB can install from below the ceiling in as little as a 1-1/2" plenum height and can be used in direct contact with insulation and is airtight.

Distribution patterns work well in low to medium ceiling heights, applications are virtually universal including living and dining areas, bedrooms, closets, hallways, bathrooms, kitchens, basements, soffits, entryways and porches.

The SeleCCTable technology puts flexibility at your fingertips. By using the switch located on the driver junction box, the user can choose from a range of five color temperatures 2700K - 5000K.

# installs virtually anywhere

The HLB installs into a standard hole saw size cutout and is retained securely in place with springs.

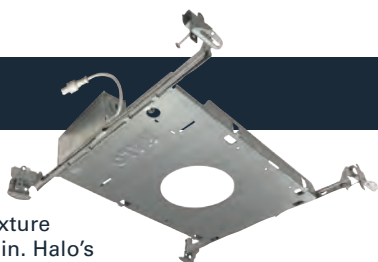

The driver junction box installs through a cutout and can be positioned remotely from the fixture fitting. Mounting holes facilitate attachment to the building structure.

## New Construction Mounting Frame

Available for the HLB4 and HLB6, the new construction mounting frame locates the fixture fitting during electrical rough-in. Halo's patented Got Nail! bar hangers are pre-installed support the mounting frame along rails.

During electrical rough-in, the HLB driver / junction box attaches to the mounting frame with captive fasteners meeting code requirements for attachment to the building structure.

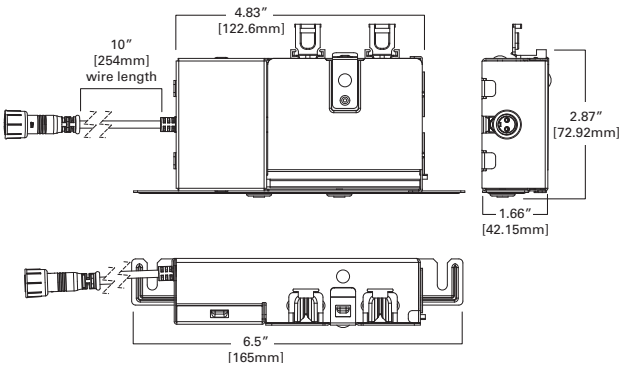

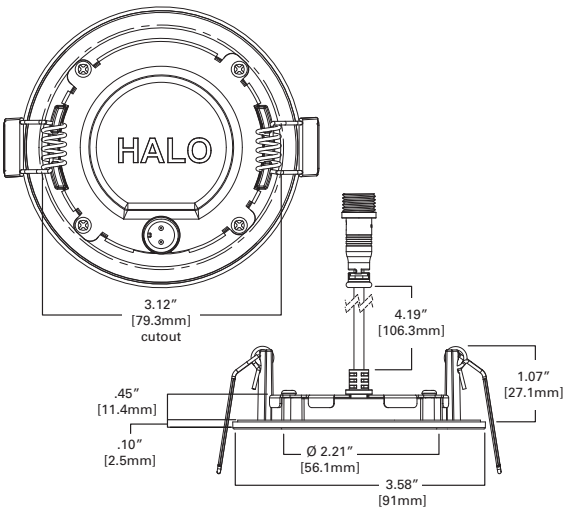

**HL4NCMF** = 4" new construction mounting frame  
**HL6NCMF** = 6" new construction mounting frame

## Square Installation

- Up to 550 lumens
- Use to replace 40W A19 incandescent lamp
- 2700, 3000, 3500, 4000, 5000 K fixed CCT
- 90 CRI
- 9W, 120V
- L70 @ 50,000 hrs
- HALO matte white finish
- No existing recessed housing or junction box required
- Fixture will not fit into existing housings or junction boxes
- Wet location listed (shower rated)
- Rated for direct contact to air permeable insulation
- AIR-TITE™ certified per ASTM-E283
- Textured lens provides smooth light distribution
- Five-year limited warranty

Can be used for  
**IECC**  
International Energy  
Conservation Code  
High Efficacy

HALOHOME™

**HALO Home In-wall Smart Dimmer**  
HIWMA1BLE40AWH  
Controls standard lighting fixtures with dimmer or HALO Home mobile app.  
Features include:

- ON/OFF
- Dim
- Group
- Scene
- Schedule
