

3-Flat Secure-Grip™ Hammer-Drill Bit 1/4" x 2" x 4"

48-20-8810

What's Included

(1) 3-Flat Secure-Grip™ Hammer-Drill Bit 1/4" x 2" x 4" (48-20-8810)

Features

- Reduced slipping: 3-Flat Secure-Grip™ shank holds the bit firmly in the chuck
- Faster drilling: Reinforced flute geometry increases bit stability
- Longer life: Carbide tips extend performance in masonry applications

Specifications

Shank	3-Flat
Pack Qty	1
Diameter	1/4"
Length	4"
Useable Length	2"

Overview

The 1/4" x 2" x 4" Milwaukee® 3-Flat Secure-Grip™ Hammer-Drill Bit drills faster and lasts longer than others on the market. The 3-Flat Secure-Grip shank fits in all 1/2" three-jaw hammer-drill chucks and maintains unyielding bit hold with heavy torsional loads. Designed especially for conical anchor, concrete screw, nail-in and hollow wall anchor applications, the bit provides superior performance through its reinforced flute geometry and carbide tip design. Milwaukee offers a complete range of 3-Flat Secure-Grip Hammer-Drill Bits in diameters from 1/8" to 1" with lengths up to 18".
