¹ Savings based on replacing a switch with a Lutron C•L dimmer and replacing your incandescent bulbs with dimmable LEDs. Actual savings may vary depending on use and application. A high percentage of the savings derive from switching from the incandescent to the LED. Typical residential savings are estimated to be \$24 per year. Stated savings of \$50 based on replacing (5) 65W incandescent reflector lamps (rated at 1,500 hours each, costing \$1.75 per lamp or (5) 3,000 hour halogen bulbs costing \$3.35 per lamp) with (5) 9.5 W LED reflector lamps (rated at 35,000 hours each, costing \$39.99 per lamp) and dimming for 5 hrs. per day with electricity cost of \$0.11/kWh. \$50 savings further assumes lamps are dimmed to 50% perceived light level, corresponding to 40% reduction in power level.

Features

HED™ Technology

- Features advanced dimming circuitry designed for compatibility with most high-efficacy light bulbs
- Works with dimmable CFLs, dimmable LEDs, halogen and incandescent bulbs
- One dimmer allows you to dim a broad range of light sources—mix and match light source types on one circuit*

Dimming Range Adjustment**

- Adjustable low-end trim allows dimmer to accommodate a broad range of dimmable bulbs
- Performance is varied from bulb to bulb and manufacturer to manufacturer; the adjustment dial will help you set the bottom of the dimming range for your particular bulbs
- Most C•L dimmers adjust with an easy to utilize dial or an adjustment lever
- NEW Maestro C•L digital dimmer is adjusted through simple button presses

Approved Bulbs

- UL listed to work with an extensive list of dimmable CFL and LED bulbs from a variety of manufacturers:
 - Cooper Lighting
 - Cree
 - EcoSmart
 - Feit
 - GE
 - Litetronics
 - Halco Lighting Technologies
 - KolourOne, by SATCO
 - Lighting Science
 - Sharp
 - Lumapro
 - Philips
 - Samsung
 - Westinghouse
 - SYLVANIA
 - TCP
 - Utilitech
- NEW Maestro C•L has an extended list of compatible bulbs.
- Lutron continuously test bulbs from manufacturers for compatibility—find the most up-to-date list of approved bulbs at www.lutron.com/dimcflled.

* Please refer to the "How to calculate wattage when mixing lamp types" table, on www.lutron.com/dimcflled, when using a combination of bulb types with the C•L dimmer.

** Adjustment not available on the Credenza® C•L model—has preset adjustment
