High performance LED recessed downlight with a pressure-fit spring clips application for an easy install. Integrated COB technology offers low-energy, long lasting performance with outstanding light outputs of 850 LUMENS. Available in a CRI 80 or CRI 90 version.

Suitable for residential applications, this regressed LED light source offers an anti-glare lighting. A 36 degree focused beam angle with a 360 degree rotation will answer many lighting applications.

The body is constructed of die cast aluminum, with junction box manufactured in aluminum extrusion. For easy and quick installation, the unit comes with pressure-fit spring clips and quick connect wire connectors. Dimmable driver included.

An optional 120-277V, 0-10V dimmable driver available
