Overview

The Milwaukee Jobsite Backpack was designed with the professional tradesmen in mind and built with durable 1680 denier material and an impact and water resistant molded base. The Jobsite Backpack features a padded, breathable load bearing harness for ultimate comfort and jobsite performance, as well as a laptop pocket for the protected storage of laptops and tablets. A fold-down front pocket allows for easy storage of large items such as fish tapes, drills and extension cords, while exterior daisy chains allow for additional clip-on storage. This combination of extreme durability and functionality confirms Milwaukee's commitment to providing innovative, durable solutions to the end user.
