

## WIRE CUP BRUSHES FOR ANGLE GRINDERS

These wire cup brushes are designed for high performance flat surface brushing on large surfaces. They are made from top quality wire that is precisely positioned for perfect balance and smooth, but aggressive and fast brushing action. All cup brushes are equipped with threaded arbors for quick and easy mounting.

- ✓ Excellent for light surface cleaning, rust and paint removal, etc.
- ✓ Softer impact than knotted construction to give a finer finish
- ✓ STEEL brushes feature a special high tensile wire for longest brush life

- ✓ Knot-twisted for heavy duty brushing like deburring, weld edge cleaning, removal of scale, spatter, heavy rust and corrosion, etc.

- ✓ Knot-twisted with safety supporting ring for heavy duty brushing
- ✓ Safety supporting ring controls flaring to extend brush life. Once worn down to the ring, it can be removed to expose more wire for extra brush life.
