

## TX503 Torch Swirl, MAP-Pro/LP Gas, Self Lighting

TurboTorch® has developed a new series of hand torches that also feature Extreme Swirl Technology. The new Extreme series generates more heat than other hand torches for faster brazing times and less gas consumption. All Extreme series hand torches and tips feature TurboTorch swirl combustion. Higher heat levels, in a short amount of time, enable the pros to quickly complete the job.

Part Number: 0386-1297

- Specifications
- Features & Benefits

Included Features	Convenient self-lighting triggers quick disconnect couplings between handle and tips	
Model	TX-503	
Part No.	0386-1297	
Process(es)	Air/MAPP and Propane	
Industrial Applications	High capacity applications	
	HVAC	

### Extreme Swirl Technology

Faster brazing times and less gas consumption

Generates more heat than other hand torches

Higher heat levels, in a short amount of time, enable the pros to quickly complete the job.
