This high performance LED recessed downlight comes with a pressure-fit spring clips for an easy installation. Integrated LED technology offers low-energy, long lasting performance with outstanding light outputs up to 2500 lumens.

The polycarbonate 60 degree reflector is designed for maximum reflection efficiency. The deep regressed diffuser is designed to eliminate the glare from the high powered LED. It is available with a White or Chrome reflector.

The body is constructed of die cast aluminum in 3", 4", 6" & 8" trim sizes with a junction box manufactured in aluminum extrusion. Designed to replace existing CFL/PL, fluorescent or incandescent fixtures. Well adapted for any new, remodel or old commercial applications. For easy and quick installation, the unit comes with pressure-fit spring clips, quick connect wire connectors. It is IC and damp rated.

It features a 0-10V dimmable driver (120-277V). An optional 120V and/or 347V dimmable driver are available

Données techniques

Cutting hole 7.75" (196.9 mm)

Beam Angle 60° ± 1/2

Color Temperature 3K / 4K / 5K

Mounting Plate MPHB-800

CRI >80

Voltage 120-277V

Dimmable 0-10V DIM

Volt - Special Order 120V / 347V

Dimmable 120V / 347V - DIM

Depth 3.9" (100mm)
