

# HyFlex® 11-600 – 11-601 Glove

## Safety Without Sacrificing Performance.

### Virtually bare-handed dexterity.

The HyFlex® glove delivers the protection of a glove while retaining exceptional tactile sensitivity. Your workers can perform their job almost as if they weren't even wearing a glove—keeping injury expenses low and productivity high.

### Cool and comfortable protection.

The HyFlex® glove delivers maximum dexterity and sensitivity for jobs that require handling or assembling small parts. Balanced with protection and a relaxed, ergonomic fit, it's a glove with performance characteristics suited to a wide variety of applications and work environments.

## Outstanding Product Attributes & Benefits

### Ultra-cool stretch nylon liner

- ◆ ● Provides bare-hand dexterity
- ◆ ● Extreme flexibility for maximum productivity
- Breathable nylon liner increases worker acceptance and safety compliance
