* For factory installed options, add the option number to the product number. See the **Product Code** section inside the front cover.

¹ For the U.S. only: The nominal current of the unit must not exceed 80% of the capacity of the disconnect.

² The option "sealed element" increases the reliability of these in humid environments. It does not completely eliminate the leakage currents of metal sheathed heating elements.

³ "Off" position.

Add "BL" for white, "AM" for almond.

Upcharge applicable for optional colors shown in the color chart section.
