METAL CUTTING JIG SAW BLADES

OPTIMIZED FOR METAL CUTTING APPLICATIONS

★★★★★ 3.0 (2)

WHERE TO BUY

Long Blade Life
Patented T2TM Technology provides fast, efficient cutting in a range of metal cutting applications

POWER BLAST Technology® Increases Durability*
High speed blasting strengthens the blade to reduce breaks and increase durability

Shatter Resistant
Bi-Metal technology flexes to resist breaking and helps to extend blade life

*vs. prior generation LENOX blades
