

Selffeed Bit 1-3/8"

48-25-1372

What's Included

(1) Selffeed Bit 1-3/8" (48-25-1372)

Features

- Faster, more accurate drilling: Center feed screw pilots the bit and allows the bit to pull through fast
- Clean holes: Inside cutting plane shaves the hole radius for clean, smooth holes without pressure
- Long-lasting performance: Bits are resharpenable and include two removable, replaceable feed screws

Specifications

Shank	7/16" Hex
Diameter	1-3/8"
Style	Standard
Packaging	Clamshell

Overview

Milwaukee® Selffeed drill bits deliver speed and endurance for repetitive drilling of large holes. Designed for any trade that demands woodcutting for installing pipe and conduit, Selffeed bits feed into work without pressure and provide faster boring of clean, accurate holes. The bits have improved balance with reduced runout, while the hex shank provides a secure gripping surface for the drill chuck. Every Milwaukee Selffeed drill bit is coated with a rust inhibitor. Built to last and designed to perform, these Selffeed bits are resharpenable so you can keep them cutting like new. Two feed screws are included.
