SPECIFICATIONS

Construction

Housing is made of galvanized sheet metal with aluminum end caps. The LFW-LED has a specular aluminum reflector and a tempered glass lens as standard. Tempered glass lens has high lumen transmittance and stands up to high temperature environments.

LED information

The fixture contains a high efficiency LED Strip that delivers a total lumen output of 5,076 lumens at an efficacy of approx 127 lumens/watt. LEDs have a colour temperature of 4000K as standard.

Mounting

Fixture comes with 2 stainless steel mounting brackets that facilitate easy and quick mounting direct on the wall or ceiling. Wall mount bracket, and pendant mount accessory available (order separately).

Electrical

Total system wattage of the unit is 40W. The standard unit has a high efficiency driver that operates at 120 - 277V. 347V is available as an option. Fixture can be through-wired leading to reduced installation time. Daisy chain up to 25 units in a single run.

Finish

Fixture has a chemical resistant polyester powder coat grey finish

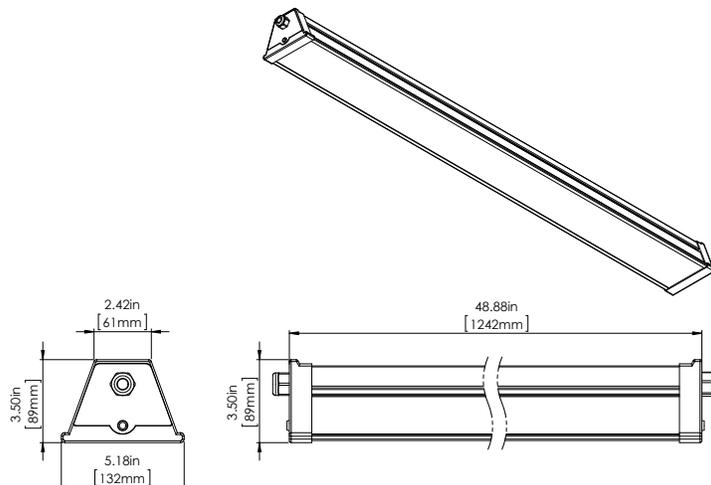

Options

- 0 - 10V dimming

Watts	40W
Lumens	5,076
Efficacy	min. 127 lumens per watt
Equivalent to	3 lamp T8 fluorescent fixture

Operating Temperature	-40°C to +40°C
Certification	cULus, IP66, DLC
LED Life	100,000 hours
Colour Temperature	4000K (standard)
Warranty	5 years
Weight	7 lbs
CRI	>80
Total Harmonic Distortion	15.19%
Power Factor	0.95

DIMENSIONS

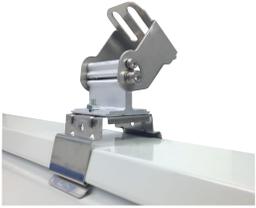

Easy installation & maintenance

Fixture is designed for through-wiring leading to reduced installation time. LED array and driver slide in and out for easy maintenance.

ACCESSORIES

(order separately)

Wall Mount bracket

Pendant Mount accessory
